DIARY
Executive Officer, DD/I

Tuesday, 6 January 1953

25X1A2g

25X1A9a 25X1A6a

1. [redacted] from [redacted] to Amory, dated 18 November 1952, proposed sending certain policy papers to [redacted]. This matter was staffed by O/CD and a list of proposed papers was submitted to the Acting DD/I on 24 November. Acting DD/I decided that this entire matter might better be held up until [redacted] returned or until Admiral Overesch visited Washington, then expected late in December. I discussed this with DD/I today, who decided to show this list to Admiral Overesch when he visits Washington 28 January. I so informed [redacted] who has the action on this matter and suggested that he check over the list for any changes that have occurred to him since its initial preparation and be prepared to discuss the list with DD/I and Admiral Overesch. 25X1A9a

2. Informed each IAD of Admiral Overesch's return and suggested that they be prepared at that time to discuss any of their problems with him. O/NE states that it would like to have Admiral Overesch attend a Board meeting at 0900 hours on any day during his visit. [redacted] states that they wish time reserved for them for the Admiral. 25X1A8a

3. The first item in today's O/NE "Schedule for the Day," classified SECRET, contained information involving O/CI's interests. I called this to the attention of [redacted] and the latter arranged with O/NE for the withdrawal and destruction of all copies. 25X1A8a
